

Looking for a Community Health Worker

Number of Openings: 1

Location: Tonopah

Job Title: Coordinator - Community Health Worker

Job Description

NyECC is also seeking a Community Health Worker to work directly with community members in need. They will assess current living situation, make referrals, and provide linkages to services for community members; along with providing information and education to the community, gathering information for understanding of systems and operations needs and resources.

Community Health Worker will take on a variety of tasks including providing support and education regarding nutrition, diabetes, crib safety, car seat safety, family planning information, opioid awareness training and support and referrals in those areas also.

Being a part of NyE Communities Coalition requires following the mission: "To grow healthy organizations, people and environment". We are looking for an individual who can lead by example and teach our young future leaders the dangers of drug, tobacco, and alcohol use and encourage them to lead healthy lives and provide a role model to the community.

Key Skills / Experience

- Understanding of Case Management
- Strong ability to relate to teenagers/young adults and community members in crisis
- Experience with creating linkages to services, and helping people in a respectful manner.
